

Outdoor LED Lighting

Saving you money at light speed

R*aus*
L*ighting*

The logo for Raus Lighting is positioned in the upper center. It features a large, stylized 'R' with a black outline and a white fill. To the right of the 'R', the word 'aus' is written in a bold, black, sans-serif font, and 'ighting' is written below it in a similar font. The background is a grayscale photograph of a modern building at night, with palm trees and a grid of lights in the upper right corner. Overlaid on the image are several thick, flowing lines in black, orange, and gray, which curve across the page from the top left towards the bottom right. A series of thin, light gray lines also flow from the left side towards the center, creating a sense of motion and depth.
